

He Sapa Woihanble presents compelling views of the Black Hillsâ€™”He Sapaâ€™”from 23 Lakota, Dakota, and Nakota scholars, poets, and essayists. The contributors speak of the beauty and power of their land, as well as the painful history of its theft and exploitation by the United States. The book also reproduces original treaties and government documents relating to the history of He Sapa. The contributors are members of the Oak Lake Writers Society, an organization of Lakota, Dakota, and Nakota writersâ€™”the only nation-based Native writers association, now in existence since 1993. The Societys goal is to strengthen and preserve Lakota, Dakota, and Nakota cultures through culture-based writings. The voices of He Sapa Woihanble are a diverse and powerful chorus, offering critical testimony on one of Americas most iconic sites. These authors chart an enduring relationship with sacred ground and remind us of our kinship to this exploited territory. â€™” Susan Power, author of *The Grass Dancer* and *Roofwalker*
